*Supporting  
Port Dover*

Dear Port Dover Supporter,

Port Dover Board of Trade serves your business and the local community all year-round.

The Board of Trade helps Port Dover grow and prosper.

When businesses are successful, the community benefits. The Board of Trade helps to make this happen by promoting our town; by planning festivals and events to attract people here; by providing visitor information.

Your Board continues to move forward in many areas; working to ensure Main Street reconstruction goes smoothly for affected businesses; providing visitor services; an engaging website at [www.portdover.ca](http://www.portdover.ca); festivals and events throughout the year; community promotion; involvement in important local issues.

All of these benefit the business community. We are a small community but also the envy of many other centres. Together we have a strong voice and your support helps to make this possible.

Thank you.
